

**TRUNG NGUYEN  
COUNTY SUPERVISOR, 1ST DISTRICT  
SHORT TERM**

Engineer/School Boardmember

Trung Nguyen is the conservative candidate for Supervisor.

Trung's early experience with the oppressive government system in Vietnam has shown him that less government is best.

An immigrant himself, Trung understands the importance of protecting our borders and ending illegal immigration.

Government already spends too much of our hard-earned tax dollars. That's the reason Trung will oppose any new taxes. And he'll crack down on wasteful spending.

As a small business owner, Trung believes that competition is best for consumers and over-regulation hurts job growth.

As our County Supervisor, Trung's first priority for our traffic dollars will be on projects that end congestion and get our transportation system moving.

Trung currently serves as a Trustee to the Garden Grove USD. He was recently elected by the School Board as Vice President.

Trung is a graduate of UCLA with a B.S. and from CSULA, with a Masters Degree in Electrical Engineering.

He also earned his J.D. from Western State University's Law School.

Trung is currently employed in the aerospace industry as an information security consultant to provide protected communication to our military service members and policy makers.

Trung has been married for 27 years and has two children.
