

**GARDEN GROVE UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

NAME: LINDA PAULSEN-REED **AGE: 55**
OCCUPATION: Governing Board Member, Garden Grove
Unified School District

It's an honor to serve the Garden Grove Unified School District for the past twelve years. Our continued increase in student achievement is due to a sharp focus on state standards, excellent instruction and staff development, quality curriculum, and an unwavering dedication to meet the needs of all students. Higher academic achievement ensures students leave GGUSD with the keys to college or skilled careers.

Strong leadership and clear priorities during a time of serious state financial cut backs, ensure GGUSD remains fiscally sound without bonded indebtedness.

Recognized as a top district in the nation, GGUSD leads the way in increased parental and community involvement. We are proud of quadrupled preschool enrollment, expanded after school partnerships and summer school opportunities that provide quality programs for students.

As a 48 year resident and graduate of Bolsa Grande, I have seen significant changes in our community. With fifteen years as a teacher, and seventeen years as a principal, my wealth of experience in education makes me uniquely qualified to continue service on this governing board.

Children are the future of this community, and there is no greater investment than a solid education for our youth.
