

**CITY OF SANTA ANA  
MAYOR**

**NAME: MIGUEL PULIDO**

**AGE: 52**

**OCCUPATION:** Santa Ana Mayor/Businessman

This election isn't just about promises. It's about results. I offer experienced leadership and vision to keep Santa Ana moving forward.

**Public Safety:** Santa Ana continues to reduce crime – down 32 percent since 2006. Our crime rate is among the lowest of any city our size in America.

**Economic Development:** Despite recession, Santa Ana continues to attract and retain businesses and jobs. I've put together a development team that recruits new companies and cuts red tape. We've opened thousands of businesses, reducing taxes in the Enterprise Zone. We're creating green-collar jobs. We've attracted CityPlace, expanded Bowers, enhanced Civic Center with new court construction and are negotiating for a sports facility.

**Schools:** Working with the district, we secured \$320 million to improve our schools. We've formed creative private-public partnerships to bolster after-school programs.

**Streets and Traffic:** I led the \$100 million street-improvement program to repave and repair 200 miles of our neighborhood streets. We're creating mass transit and implementing programs to ease traffic.

Difficult times call for proven leadership. I appreciate your previous support and respectfully ask for your vote so we may continue our efforts to make our city great.
