

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE P

"If it ain't broke, don't fix it."

Vote NO on Measure P

What specific crisis or problems that Buena Park now faces will a Charter solve? Proponents don't say.

Proponents say Buena Park can become more like some of the other Charter Cities.

Like, Huntington Beach- where 2 members of the City Council were recently indicted.

Like, Placentia- a city on the verge of bankruptcy.

Like, Cypress- which used Eminent Domain against a Church.

Like, Los Angeles???

Buena Park already has "Home Rule." Why radically change our governmental structure just to gain what we already have?

Becoming a Charter City can take away some of our California Constitutional protections.

Today, as a General Law City, Buena Park already awards contracts to "Qualified Bidders."

What does "Most Qualified Bidder" mean?

Ordinance changes should be considered in a thoughtful manner and enacted only after a detailed discussion during an open forum.

Engaging in quick and sudden back room changes in city codes can be confusing and could make lawbreakers out of law abiding citizens. **Which ordinance does the City Council want to quickly change?**

Do you really want Buena Park to become Orange County's "**Ordinance Quick Change Artist?**"

"If it ain't broke, don't fix it."

Vote no on this ill advised charter.
