

REBUTTAL TO ARGUMENT IN FAVOR OF MEASURE U

PROPONENTS ARGUMENTS ARE MISLEADING.

Incorporation Means More Bureaucracy

- Incorporation doesn't mean local control. It means more bureaucracy and more politicians.
- It means being controlled by both County and City bureaucrats
- More politicians and more bureaucracy means more taxes

Incorporation Means Taxes, Taxes and More Taxes

- Services will not be improved by incorporation.
- Emergency response times are now consistent with neighboring communities.
- Satisfaction with County services, particularly public safety, is extremely high.
- County cannot refuse services to Rossmoor.
- The cost to provide existing services through a new City is nearly double the cost of providing the same services through the County.
- Even with increased utility taxes, many municipal officials believe Rossmoor will not have adequate funding to provide basic city services.
- With limited source of revenue and zero growth potential, additional taxes, fees and assessments on residents will be the only way to fund services.
- Your new taxes will be paying the salaries of both County and City bureaucrats.
- Every Rossmoor resident will face uncertain financial liability with limited and non-expandable resources.
- Expansion of RCSD powers remain a viable option to enhance local services.
- Cityhood will do nothing to improve your quality of life. It will only add taxes and fees.
