

**ORANGE UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER
TRUSTEE AREA 1, SHORT TERM**

ANDREA YAMASAKI
Community Volunteer

AGE: 51

Restoring trust and confidence in the Orange Unified School Board among parents, teachers and taxpayers must be a top priority for the Area One Trustee.

My experience, hard work and dedication to OUSD schools have prepared me for the significant educational and economic challenges facing this Board in the critical years ahead.

I am committed to focused efforts in support of a well-rounded education for all students and to maintaining accountability for conservative fiscal management of our resources. Making OUSD school facilities safer and equipping them for 21st century learning is fundamental to a quality education.

I have devoted over 15,000 volunteer hours serving as President/ Executive board member for several PTAs, and holding leadership positions in advisory councils, Girl Scouts, booster organizations, and numerous community groups. This experience taught me the value of galvanizing community support in a transparent and proactive manner.

My husband, a technology company executive and retired US Army Reserve Lieutenant Colonel, and I share this commitment to service. We've lived in this community over 20 years with 3 children attending OUSD schools since kindergarten.

Please help me restore trust and confidence in the OUSD Board and put the focus back on students - not party politics!
