

**LORETTA SANCHEZ**

University Educator/Businesswoman

We must ensure the safety of our students and faculty and “get back in the classroom”.

As a Congresswoman, I brought millions to the District for nursing programs, vocational training, veterans’ services, tutoring assistance, outreach programs to feeder schools, and new technologies.

With my experience I can immediately help RSCCD successfully pursue state and federal monies. As a life-long OC resident I have relationships and support from District administrators, faculty and staff, and businesses that understand the importance of our community colleges.

My priorities include:

Targeting available monies for use in the classroom--not administrative functions.

Preparing students to transfer to a four-year university.

Training young adults for meaningful and well-paid jobs with local business’ help.

Assisting those who are changing careers to prepare for a new job.

Assuring affordable tuition so everyone who wants to learn, can.

My parents sacrificed so their seven kids all received college degrees. Education has made a difference in our lives. As a mother of eight, I understand the challenges facing our students. I respectfully ask for your vote on November 3.
