

MATT WAID**Student Conduct Investigator**

My top priority for the district is promoting student success: from transferring to four-year universities to achieving vocational certifications and training. We want to continue to recognize excellent teaching, fund proven methods, identify new successes, and advocate for our community in this tough time. I hope my data-driven nature will be a strong addition to the Board of Trustees in order to help achieve our goals for our students.

I have a wide range of professional experience working at both public and private universities with student life programs, investigations with student conduct online and in-person, managing budgets, and student and staff hiring. With my degrees in Sociology from UC Berkeley and in Higher Education and Student Affairs from The Ohio State University, I believe my experience and training is well-suited to serve you as a Trustee.

Your vote will help to keep our Community Colleges focused on excellence and achieving more.

Thank you,

Matt Waid
