

MICHELLE FIGUEREDO-WILSON

AGE: 38

Realtor/Businesswoman

You deserve equal city services and the lowest possible trash & sewer rates. Due to the rising cost of living and COVID, families are struggling to get by. We need a watchful eye to ensure our services are more affordable than ever. As the daughter of an immigrant, I'm no stranger to hard work. If you entrust me with your vote, I'll keep our neighborhoods beautiful, clean, and reduce the cost of living.

Affordability- Trash & sewer just increased, but we aren't receiving improved services. Higher rates may result in higher rents or household bills. I'm committed to supporting you by implementing new ideas that reduce costs. You should keep more of your hard earned money.

Diversity - As the daughter of an immigrant and Westside volunteer, I'm closer to our community. It's time we elect someone who knows and understands Westsiders.

Environment - I'll protect the environment by improving infrastructure, expanding trash pick up services to households in need, and ensuring equal access to recycling.

My Master's Degree in Public Administration allows me to work on modern solutions that benefit you. It would be an honor to serve your family and be Your Voice For the Westside.
