

**ANAHEIM CITY SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

ESTHER CASTILLO

Educator/Parent

As an Educator, active Anaheim City School District Parent, PTA member, and Anaheim Homeowner, I want to earn your vote to continue to improve our district. Our district must involve parents, educators and the community to maintain it's strengths and to effect positive changes for the educational needs of our students. My background in education at the University level and experience as an active parent volunteer encourages me to create an environment where parent and community concerns will not be dismissed or ignored. With support from ACSD parents and community members, I respectfully ask for your vote on November 4th.
