City of Costa Mesa, Measure for Sensible Community Development and Development-Funded Open Space and Recreation

Shall the Costa Mesa Measure for Sensible Community Development and Development-Funded Open Space and Recreation, which ratifies the City’s existing land use regulations, ensures that approximately 25% of the State Developmental Hospital on Harbor Boulevard would be zoned as passive or recreational open space, and establishes a fee paid for by developers for the purpose of funding new active recreation, open space, and public park facilities within the City, be adopted?

What your vote means

YES	NO
<p>A “Yes” vote is a vote to approve the Measure for Sensible Community Development and Development-Funded Open Space and Recreation, which ratifies and re-adopts the City’s existing zoning and land use regulations (including without limitation, its General Plan, Specific Plans, and Title 13 of the City’s Zoning Code) and amends the City’s Municipal Code to establish a development impact fee, which would be applicable to all new development in the City that is located both north of the 405 and west of Fairview Drive.</p>	<p>A “No” vote is a vote not to approve the Measure for Sensible Community Development and Development-Funded Open Space and Recreation.</p>

 Ballot Measures-ZFull Text of Measure Z
City of Costa Mesa

ORDINANCE NO. 2016 – 07

AN ORDINANCE OF THE CITY OF COSTA MESA CALIFORNIA, KNOWN AS THE COSTA MESA MEASURE FOR SENSIBLE COMMUNITY DEVELOPMENT AND DEVELOPMENT-FUNDED OPEN SPACE AND RECREATION

WHEREAS, an initiative known as the Initiative to Require Voter Approval of Certain Development Projects (the “Initiative”) has been submitted to the voters pursuant to Elections Code Section 9215; and

WHEREAS, the City Council has determined that adoption of the Initiative is not in the best interests of the community and desires to submit a directly competing measure to the voters for consideration pursuant to Elections Code Section 9222; and

WHEREAS, the City Council has submitted the following measure (the “Measure”) to the voters for said purpose; and

WHEREAS, the Measure, if adopted, would ratify the City’s existing General, Specific, and Overlay Plans, as well as the City’s Zoning Code; and

WHEREAS, the City is approximately 98% built out, and hence few opportunities exist for the creation of new athletic fields, and to provide new recreational opportunities for the community; and

WHEREAS, Notwithstanding the impact of the development of the City on the ability to create new recreational opportunities, the City Council has adopted a policy by which it has declared that it is dedicated to creating partnerships with local youth sports organizations to ensure there is ample opportunity to participate in athletics at various ability levels, with a primary goal of providing athletic opportunities and ensuring athletic fields remain safe and of a high quality; and

WHEREAS, despite the impact of the development of the City on the ability to create new recreational opportunities, and in particular the opportunity to create new athletic fields, there exists a critical need for such facilities as demonstrated, for instance, by facts such as:

- (i) in 2014 the City permitted youth sports organizations to use 51,016 hours (which is equivalent to six years) of field time on all the City’s existing athletic fields,
- (ii) there are 13 organized sports groups who compete for the ability to use Costa Mesa athletic fields,
- (iii) approximately 5,000 adults and children use Costa Mesa’s athletic fields each year; and
- (iv) the State has contemplated the repeal of daylight savings time, and should that occur, an additional 4000 hours of field time will be lost, causing further concerns that there will not be enough fields available for all of the individuals and sports who desire to use them;
- (v) in order to accommodate the estimated 2016 demand for athletic field usage, the city is in need of new multi-purpose athletic fields; and

WHEREAS, the pending closure of the Fairview Developmental Center presents the community with a unique opportunity to create additional outdoor recreational experiences, including but not limited to youth sports fields, within the City of Costa Mesa; and

WHEREAS, this Measure, if passed, would ratify the existing General, Specific, and Overlay Plans, as well as the City’s Zoning Code to ensure that if the State proceeds with the closure of Fairview Developmental Center, approximately 25.6 of the 102.6 total acres will be required to be zoned as either passive or recreational open space, and any change to this requirement would require a vote of the people;

WHEREAS, the area located both north of the 405 Freeway and West of Fairview Drive, presents another unique opportunity for the creation of athletic fields and other recreational opportunities, in that it contains large parcels that the City anticipates will be redeveloped in the near future; however, current plans for the redevelopment of such sites do not appear to contemplate uses for recreational activities; and

WHEREAS, this Measure, if passed, would facilitate development of new recreational opportunities, including the development of sports fields, by imposing a new development impact fee (the “Open Space and Public Park Impact Fee”) on all new development located both north of the 405 and west of Fairview Drive, to offset impacts created by such development upon recreational opportunities, including the elimination of the ability to construct athletic fields and otherwise implement recreational opportunities in such areas; and

WHEREAS, in order to ensure oversight, transparency, and input from all affected stakeholders, this Measure, if passed would also form a new citizen committee called the Open Space & Recreation Advisory Committee, which would be subject to the Brown Act and the Fair Political Practices Act, and which would be responsible for providing guidance regarding expenditures of the new Open Space and Public Park Impact Fee, and the recreational needs of the community to the City Council.

THE PEOPLE OF THE CITY OF COSTA MESA DO HEREBY ORDAIN AS FOLLOWS:

SECTION 1: Name.

This ballot measure shall be known and may be cited as the “Costa Mesa Measure for Sensible Community Development and Development-Funded Open Space and Recreation” and shall be referred to herein as “the Measure.”

SECTION 2: Purpose.

The purpose of this Measure is to directly compete with the Initiative, which proposes a number of amendments to the Municipal Code. The Measure, if adopted, will:

- (a) ratify the City’s General Plan, approved by the City Council on June 21, 2016, which specifically designates not less than 25%, or approximately

Ballot Measures-Z

25.6 of the 102.6 total acres of the Fairview Developmental Center as either passive or recreational open space, in anticipation of the Center's future closure, and that any change to this requirement shall require a vote of the people;

(b) ratify the City's Zoning Code, as well as all of the City's Specific Plans and Overlay Plans as those documents exist on the effective date of this Ordinance, including but not limited to: the 2015-2035 General Plan, adopted on June 21, 2016; the Baker Street and Paularino Avenue Specific Plan (SP-78-02); the Placentia/Hamilton/Pomona/19th Specific Plan (SP-79-01); the Bristol Street Specific Plan (SP-82-01); the East 17th Street Specific Plan (SP-84-01); the Harbor/Bernard/Parsons/Ford Specific Plan (SP-84-02); the North Costa Mesa Specific Plan (SP-94-01); the Avocado Street Specific Plan (SP 86-01); the Newport Boulevard Specific Plan (SP-96-01); the Costa Mesa Theater & Arts District Plan (SP-03-01); the SoBECA Urban Plan (SP-05-06); the 19 West Urban Plan (SP-05-07); the Mesa West Bluffs Urban Plan (SP-05-08); the Mesa West Residential Ownership Urban Plan (SP-05-09); and Title 13 of the Costa Mesa Municipal Code (Planning, Zoning and Development).

(c) Amend the City's Municipal Code to add a development impact fee known as the Open Space and Public Park Impact Fee in an amount not to exceed \$1.50/square foot, which shall be collected on all new development located both north of the 405 freeway and west of Fairview Drive, to be used by the City for the purpose of increasing active recreation, open space and public park facilities within the City, upon the advice and recommendation of a newly created citizen committee called the Open Space & Recreation Advisory Committee.

This Measure is intended to comprehensively regulate the same subject as the Initiative – the General Plan, Specific Plan(s), Overlay Plan(s) and applicable provisions of the Municipal Code. If a majority of voters approve both the Initiative and the Costa Mesa Measure for Sensible Community Development and Development-Funded Open Space and Recreation, the ballot measure with the higher percentage of the vote will control. Therefore, if both measures are approved and the Costa Mesa Measure for Sensible Community Development and Development-Funded Open Space and Recreation receives a higher percentage of the vote than the Initiative, none of the changes or additions proposed by the Initiative will be implemented.

SECTION 3. Ratification of General Plan

By this Measure, the People of the City of Costa Mesa hereby ratify the existing General Plan, as approved by the City Council on June 21, 2016. The existing text of the General Plan is attached hereto as Exhibit A and incorporated herein by reference.

The City's General Plan, as approved by the City Council on June 21, 2016 specifically designates not less than 25% or approximately 25.6 of 102 total acres at Fairview Developmental Center shall be zoned as either passive or recreational open space; any change to this requirement shall require a vote of the people.

SECTION 4. Ratification of Zoning Code, Specific Plan(s), and Overlay Plan(s)

By this Measure, the People of the City of Costa Mesa hereby ratify the City's existing zoning and related land use provisions. This would include the City Council's recently approved 2015-2035 General Plan, adopted on June 21, 2016. It would also include the following (including any subsequent amendments): the Baker Street and Paularino Avenue Specific Plan (SP-78-02); the Placentia/Hamilton/Pomona/19th Specific Plan (SP-79-01); the Bristol Street Specific Plan (SP-82-01); the East 17th Street Specific Plan (SP-84-01); the Harbor/Bernard/Parsons/Ford Specific Plan (SP-84-02); the North Costa Mesa Specific Plan (SP-94-01); the Avocado Street Specific Plan (SP 86-01); the Newport Boulevard Specific Plan (SP-96-01); the Costa Mesa Theater & Arts District Plan (SP-03-01); the SoBECA Urban Plan (SP-05-06); the 19 West Urban Plan (SP-05-07); the Mesa West Bluffs Urban Plan (SP-05-08); the Mesa West Residential Ownership Urban Plan (SP-05-09); and Title 13 of the Costa Mesa Municipal Code (Planning, Zoning and Development.) The existing text of the Zoning Code, Specific Plan(s) and Overlay Plan(s) are attached hereto as Exhibit B and incorporated herein by reference.

SECTION 5. Establishment of Open Space and Public Park Impact Fee and Open Space & Recreation Advisory Committee.

By this Measure, the People of the City of Costa Mesa hereby add Article 4, to Chapter XII of Title 13 to the City's Municipal Code for the purpose of establishing a new open space and public park impact fee (the "Open Space and Public Park Impact Fee" or "Fee"). The Fee shall be applicable to all new development located both north of the 405 freeway and west of Fairview Drive. The Open Space and Public Park Impact Fee shall be due upon issuance of a certificate of occupancy. The Open Space and Public Park Impact Fee is established to offset the impact of development upon recreational opportunities and shall be used by the City for the purpose of increasing active recreation, open space and public park facilities within the City, which uses may include, but would not be limited to, the maintenance and development of Fairview Developmental Center upon its anticipated closure.

The amount of the Open Space and Public Park Impact Fee shall be the maximum amount permissible pursuant to the Mitigation Fee Act, and shall be established pursuant thereto; provided, however, in no event shall the Fee exceed \$1.50/square foot of new development.

A citizen committee is hereby created, and shall be known as the open space & recreation advisory committee (the "Open Space & Recreation Advisory Committee" or "Committee"), whose role shall be to advise the City Council on expenditures of the Open Space and Public Park Impact Fee. The Open Space and Public Park Impact Fee shall be only spent after receiving the advice and recommendation of the Committee.

The Open Space & Recreation Advisory Committee shall consist of seven (7) members of the public who are appointed by the City Council. The seven (7) members shall consist of: the Mayor, one (1) City Councilmember chosen by a majority of the City Council, one (1) representative of a Costa Mesa youth football organization chosen by a majority of the City Council, one (1) representative of a Costa Mesa youth baseball organization chosen by a majority of the City Council, one (1) representative of a Costa Mesa youth soccer organization chosen by a majority of the City Council, one (1) representative of the Newport Mesa Unified School District ("NMUSD") chosen by a majority vote of the NMUSD trustees, and one (1) member from a properly formed and actively operating California corporation whose primary focus is issues of environmental concern chosen by a majority of the City Council. The members shall be appointed at a time and place pursuant to Council policy. The Committee shall comply with the Brown Act and the Fair Political Practices Act, including but not limited to all disclosures required therein. City Staff shall provide the necessary support for the Committee's meetings and other official business. The City Council shall budget an appropriate amount of funds collected from the Open Space & Public Park Impact Fee for the Committee's activities, recognizing that interfund transfers may be necessary at the beginning of the Committee's formation before sufficient Open Space and Public Park Impact Fees have been collected. The Open Space & Recreation Advisory Committee shall sunset, and unless renewed by the City Council cease to exist, upon making its final recommendations to the City Council for active and passive recreational uses at

Ballot Measures-Z

Fairview Developmental Center, or 5 years after the effective date of this Measure, whichever shall first occur.

SECTION 6. Rejection of Initiative to Require Voter Approval of Certain Development Projects

By this measure, the People of the City of Costa Mesa hereby reject each and every change and addition to the Municipal Code proposed by the Initiative.

SECTION 7. Future Changes

Except as otherwise provided herein, any future changes or amendments to this ordinance, if approved, including any future changes or amendments to the General Plan, Specific Plan(s), Overlay Plan(s), or Municipal Code provisions affected by the Measure, may occur in the manner set forth in State law and the City's Municipal Code, and shall not require a vote of the people.

SECTION 8. Severability

If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have adopted this ordinance, and each and every section, subsection, sentence, clause, or phrase not declared invalid or unconstitutional, without regard to whether any portion of the ordinance would be subsequently declared invalid or unconstitutional.

SECTION 9. Effective Date

This ordinance shall take effect according to law ten days after certification of the election at which it is adopted.

A full copy of the ordinance including attachments, is available for review on-line and in the City Clerk's office.

Impartial Analysis City of Costa Mesa Measure Z

The purpose of this measure (the "Measure") is to directly compete with the initiative known as "The Initiative To Require Voter Approval of Certain Development Projects" (the "Initiative").

If adopted, the Measure would amend the Municipal Code to add a development impact fee known as the Open Space and Public Park Impact Fee, which would be applicable to all new development located both north of the 405 freeway and west of Fairview Drive. The Fee is intended to offset the impacts that new development has upon recreational opportunities. It is to be used for the purpose of increasing active recreation, open space and public park facilities within the City. While not specifically tied to the development of Fairview Developmental Center, upon its anticipated closure, the Fee would be available to fund open space and recreational activities at that site. The Measure sets the Fee at the maximum amount permissible pursuant to the Mitigation Fee Act, and requires compliance with the requirements of that Act; but caps the Fee at \$1.50/square foot of new development. The Measure would also result in the creation of an Open Space & Recreation Advisory Committee with a limited duration to advise the City Council on expenditures of the new Open Space and Public Park Impact Fee.

The Measure would by ordinance ratify and adopt the City's General Plan adopted on June 21, 2016; the Baker Street and Paularino Avenue Specific Plan (SP-78-02), the Placentia/Hamilton/Pomona/19th Specific Plan (SP-79-01), the Bristol Street Specific Plan (SP-82-01), the East 17th Street Specific Plan (SP-84-01), the Harbor/Bernard/Parsons/Ford Specific Plan (SP-84-02), the North Costa Mesa Specific Plan (SP-94-01), the Avocado Street Specific Plan (SP 86-01), the Newport Boulevard Specific Plan (SP-96-01), the Costa Mesa Theater & Arts District Plan (SP-0301), the SoBECA Urban Plan (SP-05-06), the 19 West Urban Plan (SP-05-07), the Mesa West Bluffs Urban Plan (SP-05-08), the Mesa West Residential Ownership Urban Plan (SP-05-09); and Title 13 of the Costa Mesa Municipal Code (Planning, Zoning and Development).

This Measure comprehensively regulates the same subject as the Initiative. It directly competes with, and specifically rejects the changes to the Municipal Code proposed by the Initiative. If a majority of voters approve both the Initiative and the Measure, the one with the higher percentage of the vote will control. If both measures are approved and the Measure receives a higher percentage of the vote than the Initiative, none of the changes or additions proposed by the Initiative will be implemented.

Any future changes or amendments to the ordinance proposed by the Measure, including changes or amendments to the General Plan, Special Plan(s), Overlay Plan(s), or Municipal Code provisions affected by it, may occur in the manner set forth by law, and shall not require a vote of the people; excepting that any change to the General Plan provisions that call for approximately 25 acres of the Fairview Development Center site to be zoned as either passive or recreational open space upon its closure would require a vote of the people.

The above statement is an impartial analysis of Measure Z. If you desire a copy of the measure, please call the elections official's office at 714-754-5225 and a copy will be mailed at no cost to you.

Ballot Measures-Z

Argument in Favor of Measure Z

Almost 5,000 adults and children use Costa Mesa's athletic fields.

Costa Mesa is sports-field poor. We don't have enough fields for soccer, baseball, or youth football.

The Parks Commission estimates we need new multi-purpose fields to meet 2016's demand.

MAKES DEVELOPERS PAY FOR NEW FIELDS

Measure **Z** helps fix our shortage of sports fields, and the developers pay for it.

Early estimates show over \$1 million in developer fees could be used for the fields.

Measure **Z** sets aside 25% of the State Developmental Hospital upon its closure for active and passive recreational uses.

3rd LARGEST PARK IN CITY

At almost 26 acres, Yes on Measure **Z** will bring us the third largest park in the city.

Half the size of Tewinkle Park and twice the size of Lions Park, this park will be the last major park the city will ever build.

SOLVES THE FIELD SHORTAGE PROBLEM

Costa Mesa is built out – with only 2% of the city's land left.

Fairview's 103 acres is perfectly located off Harbor Blvd. for our youth and adult recreation.

- 13 organized sports groups now use Costa Mesa athletic fields.
- In 2014 the city permitted 51,016 hours of time on all fields we permit in the city. That's equivalent to 6 years of time.

CITIZENS COMMISSION – NOT POLITICIANS - MAKE THE PLANS

Measure **Z** creates a 7 member Citizens Committee to plan the State Hospital's recreational projects.

Representatives from each member of the youth sports organizations, the school board, environmentalists, and the city will guide the Fairview planning process.

MEASURE Z IS A COMPROMISE PLAN

Youth sports, adult sports, and public health experts agree that recreational fields help knit the community together.

The State Developmental Hospital is our best chance to add active fields and park space to Costa Mesa.

Vote Yes on **Z**.

Rebuttal to Argument in Favor of Measure Z

DON'T BE FOOLED!

Measure Z's purpose is to stop the CITIZENS' Initiative to Require Voter Approval of Certain Development Projects, also on this ballot. The CITIZENS' initiative gives you the right to vote on large projects affecting your quality of life in all 15.8 square miles of Costa Mesa, not just a fraction of Fairview Developmental Center.

THIS IS A PRO DEVELOPER INITIATIVE!

Politicians and their cronies are hoping you'll give up the right to vote on Costa Mesa's future for the unreliable prospect of added park funding.

DECEPTIVE LANGUAGE!

Proponents of Measure Z tell you how much **COULD BE USED** for fields – not how much **WOULD BE RAISED**. It may be just a small fraction of the \$1 million they say "could be used." Future funds would trickle in over years, maybe decades, creating little real impact on park improvements.

COSTA MESANS: DON'T COMPROMISE!

Less than half the people using Costa Mesa's athletic fields are Costa Mesa residents. Some groups have less than ten percent Costa Mesa residents. Shouldn't some of these outsiders have to pay their fair share for using our Costa Mesa fields? That just might generate more funds than Measure Z!

ANOTHER CRONY COMMITTEE!

Measure Z could end up costing Costa Mesa taxpayers. Questionable "interfund transfers" can be used to finance activities of the crony committee while waiting for Measure Z funds to come in.

Read the fine print.

Why aren't proponents of this deceptive initiative clearly disclosing its true purpose? Who benefits most?

Vote NO on Measure Z.

Ballot Measures-Z

Argument Against Measure Z

Vote No on Measure Z.

There is nothing “sensible” about Measure Z.

Measure Z was cooked up by politicians trying to trick you into throwing away your right to vote on Costa Mesa’s future, a right you’d ensure under the citizens’ Initiative to Require Voter Approval of Certain Development Projects, also on this ballot.

Measure Z puts your stamp of approval on pro-developer politicians’ plans to:

- Increase residential densities to build 4-5 story apartment buildings with massive parking garages
- Increase Costa Mesa’s population by 19%
- Increase nonresidential development by 18%
- Reduce setbacks
- Reduce open space
- Increase traffic and pollution
- Degrade our quality of life

Once approved by the voters, it could be more difficult to roll back any of these changes—even if their schemes were challenged in court or found to be illegal.

Don’t be fooled by the questionable promise of funding for parks. The new park fee applies only to new construction in a small part of town which is mostly developed.

Measure Z puts an upper limit on the fee, but no lower limit. The pro-developer initiative not only directs the City Council to set the fee, it specifically enables the City Council to change or eliminate the fee at any time—without voter input.

Measure Z establishes a crony committee to oversee whatever funds may be collected and lets the committee use those funds for “committee activities”. Who knows if anything will be left after paying for their “activities”?

The citizens’ Initiative to Require Voter Approval of Certain Development Projects gives you the right vote on the amount of open space at the Fairview Development Center, so Measure Z is unnecessary.

Don’t be fooled by this deceptive pro-developer initiative!

Vote No on Measure Z!

Rebuttal to Argument Against Measure Z

The opponents of Measure **Z** are the same people that oppose anything in town that moves, makes a profit, provides recreation, benefits families, or enhances our quality of life.

Measure **Z** simply sets aside 25% of the State Developmental Hospital on Harbor Blvd. when it closes for active and passive recreation. And it requires developers to pay for it.

It’s plain, simple, and easy to comprehend. Unless you believe in UFO’s.

The Hospital is 104 acres in the middle of Costa Mesa, a perfect location for baseball diamonds, soccer and football fields, and passive walking trails. It will be the 3rd largest park in town – funded by developers building near the Costa Mesa/Santa Ana city limits.

Early estimates show developers will pay over \$1 million to build this park – and a committee of citizens will determine how the money is spent.

Costa Mesa is 98% built out. Wouldn’t it be nice to carve out a little open space from one of the few remaining open parcels for our kids to play ball and families to picnic? That’s what Measure **Z** does, unless you believe in UFO’s.

According to the opponents, adding 25 acres of fields and trails will somehow “reduce open space and increase traffic and pollution.” That’s nuts!

The Hospital is a once in lifetime opportunity for Costa Mesa. Let’s protect for parks and open space and make the developers pay for it.

If you want the developers to pay for Costa Mesa’s 3rd Largest Park vote Yes on Measure **Z**.
