

**LAWRENCE R. "LARRY" LABRADO**

Governing Board Member, Rancho Santiago Community College District, Area 4

Like many others from our community, the education I received from the Rancho Santiago Community College District made a big difference in my life. After receiving my AA degree from Santa Ana College, I proudly transferred to Cal State Fullerton where I received my BA degree. The experience led me to a professional career in education.

Today, as your Community College Board representative, I am working hard to insure that the same opportunity that was provided to me, is also afforded to you and your family. I am doing this through:

- Making students and classroom instruction our #1 priority;
- Keeping tuition and fees affordable;
- Keeping our administrative costs down to a minimum; and
- Providing a safe and friendly learning environment on our campuses.

I have also worked to facilitate the creation of a number of valuable partnerships with local businesses, corporations, and various public agencies, serving our veterans needs through Veteran Assistance Centers at both of our campuses.

I respectfully ask for your vote and pledge to continue my effort to make classroom instruction our highest priority, use common sense, and be accountable to you, the taxpayer.

I encourage you to contact me at [lrabrado@gmail.com](mailto:lrabrado@gmail.com).
