

REBECCA "BECKIE" GOMEZ

Educator/Councilmember/Businesswoman

Students in Orange County need and deserve a top-quality education. As an educator, former PTA president, and youth coach, I have a unique perspective on achieving student success. As your Board of Education trustee, I want to ensure our students are prepared for the dynamic workforce of the global economy. Our students must learn to use technology to enhance their skills for 21st century jobs.

As a former President of the Tustin Public Schools Foundation, I understand the importance of enhanced learning opportunities like art and music. Enrichment activities keep children focused on learning and finding a passion for their future careers.

As a councilmember, I have experience with budget oversight and ensuring that taxpayer funds are spent wisely. Our precious tax dollars must be spent directly on resources for students and on improving classroom instruction.

Local control is important to meet the needs of our schools. As a parent of three children educated in public schools, I have always been a strong advocate for quality education. I will listen to parents and the community to bring accountability to the Board. I will be your voice to ensure students have the best opportunities to learn.

Strong schools build great communities.
