Bob Huff is a conservative who is not afraid to take on the establishment and fight for what is right for our families.

In Congress, he will protect our communities by ensuring illegal immigrants who are dangerous, violent criminals are not allowed to stay in the country.

He will work to end a welfare system that traps people in poverty by paying them not to work. Bob will fight to require people to work in order to receive government benefits and fight to eliminate fraud and abuse in our welfare system.

Bob will cut excessive government spending, hold corrupt officials accountable and support a balanced budget that requires that if Members of Congress don’t pass a budget then they don’t get paid.

He will ensure America’s military is prepared and has the resources needed to defend our country.

Bob Huff gets results and doesn’t worry about being politically correct.

As a Conservative legislative leader, he led efforts to kick three corrupt Senators out of office.

He saved the state billions of dollars by cutting waste in the welfare system and requiring mandatory fingerprinting of welfare recipients.

Bob reduced his own salary and led successful efforts in the legislature to eliminate pay increases for politicians during times when the state had a deficit. Bob was 100% rated by the CA Taxpayers Association and helped kill billions in tax hikes.

With your support, Bob will be the kind of conservative leader we need in Washington, D.C.
