

SCOTT BAUGH

Orange County Business Owner

REPUBLICAN**AGE: 55**

Our district deserves a Representative who is in touch and focused on what is important to the families who live here. As your Congressman, I will work to lower taxes on the middle class; reduce the regulatory obstacles that drive business and jobs away; change the corrupt culture in Washington, D.C., and secure our border to stop illegal immigration.

I have a track record that proves I can get things done. As an Orange County Business Owner, I've led ventures that have created good jobs and improved people's lives.

As the Assembly Republican Leader, I led the successful effort to repeal a Car Tax and today I am fighting to repeal the latest Gas Tax and Car tax scheme from Sacramento.

As a husband and father, I helped start a new local high school and am founding Chairman of a local charity that has trained 40,000 children about the importance of exercise and proper nutrition. As a Board member for Orange County's Gang Intervention Program, I work to fight gang activity and keep kids in school.

Public service is more than voting the right way. Public service requires leadership that builds coalitions and creates solutions to the problems facing our communities. My record as a tax-fighter and demand for accountability in government has earned me the support of former Orange County Treasurer, Senator John Moortach.

I would be honored to be your voice in Congress. Visit www.ScottBaughforCongress.com to learn more. Thank you.
