

**PHILLIP CHEN**

**REPUBLICAN**

State Assemblyman/Businessman

I am a conservative who is leading efforts to keep taxes down, secure our borders, and protect families from crime.

My efforts have earned the endorsements of the California Republican Party, US Representative Ed Royce, and the Peace Officers Research Association of California

My work to protect Proposition 13 and oppose the \$52 billion gas and car tax earned me a 100% rating from the California Taxpayers Association.

I am a former County Sheriff's Reserve Deputy who is working to ensure violent illegal immigrant criminals cannot stay in our country.

I am also working to keep neighborhoods safe and have cracked down on sex traffickers and made it illegal for sex offenders to live within 35 miles of their victims.

The California Police Chiefs Association appreciate my efforts and gave me a 100% rating.

I am a small business owner who has used my skills to cut government waste and red tape.

I pushed for audits of the DMV and Caltrans. I also demanded an audit of the UC Regents after they wanted to raise tuition while the UC President kept a \$174 million secret reserve, wasted tax dollars on travel and had a taxpayer funded condo.

As a former teacher and school board members, I'm working to ensure every child receive the best education possible and that students gain the skills needed to succeed in the 21st century economy.

I would be honored to have your support.
