

MICHELLE DUMAN

DEMOCRATIC

Businesswoman/Nonprofit Advisor

For 21 years, I've found Orange County to be a little slice of heaven. But we have some issues facing us today that are preventing us from becoming all that we can be.

Too many people are struggling to get by. Most people cannot even afford to pay for their own health insurance.

I was fortunate enough to get an outstanding education from Cal State Fullerton, which enabled me to start my own business unencumbered by massive student debt.

People just starting out or trying to better their positions in life don't have these opportunities anymore. A good education should not be a life sentence of debt. Neither should healthcare costs.

That is why I am running to be your voice in Sacramento.

I've dedicated my life to fighting for the arts and education. I currently serve on the Community Advisory Committee at Segerstrom Center for the Arts; Community Advisory Committee at Chapman University; Board of Directors Corporate Advisory Committee at Bilingual Foundation for the Arts; Art Beautification Committee at Harbor—UCLA Medical Center; and I was the Director of Operations and Business Development at Librería Martinez de Chapman University.

As your Assemblywoman, I'll fight everyday at the State Capital for hardworking families. I'll fight for the future of our economy. I'll fight for student debt relief. I'll fight for affordable healthcare for all. I'll fight for you!

I'm proud to have the support of Community Leaders, Teachers, Nurses, Environmentalists, Neighborhood and Women Leaders, and Senate President Pro Tem Kevin de León and Assemblymember Sharon Quirk Silva.

I'd be honored to have your vote.
