

MARY NAVARRO

Educator

Our children deserve a high quality education. As a parent, former classroom teacher, school principal, and Assistant Superintendent, I'm ready to put my lifetime of service toward ensuring that we put students first.

I've served school districts throughout California and have a proven record fighting for parents, children, and taxpayers. As your Trustee, I'll work with local districts to ensure students are college and career ready, and prepared for the dynamic 21st century workforce.

As a Pepperdine University MBA, I have managed school districts' budgets. I know the importance of cutting administrative waste and ensuring tax dollars go directly into the classroom. I'll bring accountability, transparency, and fiscal responsibility to the Board of Education.

Local control is critical to meeting the needs of neighborhood schools. I'll listen to parents and ensure they have a strong voice on our board. Additionally, we must attract the highest quality teachers, keep student safety and the security of our schools a top priority.

I've seen first-hand the value of supporting after-school, enrichment and arts programs. I will work to expand these while emphasizing science, technology, engineering, and math, and promoting high academic standards.

Let's create better schools together!
