

**SANTA ANA UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

NAME: ROB RICHARDSON

AGE: 51

OCCUPATION: Governing Board Member, Santa Ana Unified School District

Our mission is to prepare our students for the jobs of tomorrow. I will continue our focus on success in the English language and offer well-rounded programs that help our children compete for any college or career they choose.

Santa Ana Schools have made progress in the past four years. Eighty percent of our schools have API scores above 700; that is two times better than four years ago. Our schools have received Academic Success Awards from the State of California and Orange County Register.

During these tough economic times, we have carefully managed our finances and avoided any teacher layoffs while continuing our Arts and Music programs and maintaining facilities. The award winning Santa Ana School Police Department continues to maintain a safe and positive school environment.

Since 2009, we have added 346 new classrooms, renovated 257 classrooms, and removed 403 portables. No other Orange County district can match this record.

I am a lifelong Santa Ana resident and product of the Santa Ana Schools. I served as president of the Santa Ana Kiwanis Club, a member of the Santa Ana City Council and as Director and past Chair of the Boys and Girls Club of Santa Ana.

I ask for your vote.
