

**SANTA ANA UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

NAME: JOSE ALFREDO HERNANDEZ

AGE: 37

OCCUPATION: School Boardmember/Parent

Raised in Santa Ana, I attended Madison and Edison Elementary, Lathrop Intermediate, Saddleback H.S. and graduated from Century High School. Throughout those years I was fortunate to have committed teachers and coaches who molded me into a scholar. I subsequently earned my bachelor's degree from U.C.L.A. and my Juris Doctorate from Whittier Law School, where I was a Fellow at the Center for Children's Rights. I have also established my law practice in Santa Ana.

Four years ago I led the way in getting Measure G passed with the hope of improving our educational facilities. Measure G has succeeded beyond our expectations, not only bringing millions of dollars more than originally promised, but bringing a renewed sense of hope and pride that has reinvigorated our children and educators; our renovated schools and facilities have Santa Ana shining once again.

I am a proven leader that has worked with all stakeholders who are committed to improving our test scores and graduation rates, with the end goal of generating productive citizens for Santa Ana. My sons attend our schools and I owe my success to SAUSD, I will therefore ensure our children graduate with the tools and training needed to succeed.
