Do not be fooled twice!

The proponents of Measure A want us to once again trust the owners of the land near the Los Alamitos Race course. One year ago with Measure L, voters were fooled into thinking they were approving “Senior Housing, Assisted Living, professional offices and something called ‘Mixed-use Commercial’ on 33.5 acres near the race course.

Our trust was violated with the land owner’s recent proposal to consider warehouse and light manufacturing buildings with 129 semi-truck bays on the Measure L approved property along Katella. Warehouse and light manufacturing in the Cypress Code are Industrial uses! They are not Commercial uses and certainly not Senior Housing!

The traffic on our streets and access to our freeways are already bad enough. Jobs are needed but we want good paying jobs with responsible development.

With measure A, we are being asked to trust the same land owners to develop more land near the race course. This time the “carrot” dangled before the voters in Measure A is Single Family Housing. Don’t forget, we’re not getting senior housing and assisted living facilities from last year’s ballot measure.

We are entitled to know exactly what Cypress land use zone we are voting on and the specific use that fits into that zone. Until then...Do not be fooled twice!

Vote NO on Measure A.
