## NO PARTY PREFERENCE

If you're registered as a No Party Preference voter, your ballot will not include Presidential candidates unless you request a party ballot. The American Independent, Democratic, and Libertarian Parties allow No Party Preference voters to crossover and vote for their Presidential candidates. All other parties require No Party Preference voters to re-register with their party to vote for their Presidential candidates.

To complete an online application for a crossover ballot, visit [ocvote.gov/NPP](https://ocvote.gov/NPP) or call us at **888-OCVOTES** (888-628-6837).
